

REORGANIZATION OF BOARDS WAS EFFECTED MONDAY

Presbyterian Work Will be Conducted in Four Divisions

(By The Associated Press) INDIANAPOLIS, Ind., May 21.—Reorganization of the boards of agencies of Presbyterians of the United States of America was completed today with the elimination of twelve of the sixteen existing bodies. Hereafter the work of the church will be conducted in four divisions. The board of foreign missions; board of national missions; board of Christian education and the board of ministerial relief. As a result of the elimination of twelve committees next year's assembly will be shortened from 16 days to 7, standing committees will be reduced from 18 to 12, but the membership of the committees will be raised from forty to seventy two. Negro members of the church won a victory in principle, when the assembly went on record to declare that racial groups should be given representation on the four boards as soon as possible and as far as it may be deemed expedient. This will permit addition of Japanese, Indians or any other racial groups as well as negroes, if the church so desires. The organization of the general council, created by last year's assembly at Des Moines, Iowa, was deferred today pending a report on the bills and overtures committee. The assembly voted today to hold an election Thursday afternoon to fill a vacancy on the board of trustees of the general assembly. The report of the department of church cooperation and union, providing for the carrying on of a movement toward union of the seven principal Presbyterian Churches was accepted. Bryan Center of Interest William Jennings Bryan is expected to be the center of interest of tomorrow's sessions. At 9 o'clock in the morning the committee on bills and overtures is expected to present its report on the overture attacking the doctrine preached by Rev. Harry Emerson Fosdick in the pulpit of the First Presbyterian Church of New York. Mr. Bryan is looked to lead the demand for a clear cut denunciation of the liberalism and rationalism in the pulpit. At 10 o'clock the committee on temperance and moral welfare is scheduled to report. Mr. Bryan has ready for presentation from the floor a resolution asking that every one connected with the church sign a pledge of total abstinence from the use of intoxicating liquor for beverage purposes. At noon Mr. Bryan will lead the daily devotional services. He is not on the program for the first fifteen minutes of the afternoon session but at 2:45 P. M. the committee on education of which he is a member, will present its report. Mr. Bryan is understood to have ready a minority report asking the assembly to prohibit the teaching of the Darwinian theory of evolution in the Presbyterian schools and demanding that every Presbyterian professor and teacher sign a statement renouncing belief in any hypothesis of the evolutionary descent of man and affirming their acceptance of the doctrine of the virgin birth of Christ.

UNCLE SAM JOINS RANKS OF MOVING PICTURE PRODUCERS

Latest Release is "Mollie of Pine Grove Vat"

(By The Associated Press) CHICAGO, May 21.—The venerable and versatile Uncle Sam, in the role of moving picture producer, and his latest release "Mollie of Pine Grove Vat" were chief attractions today at the Palace of Movie Progress held in connection with the fourth annual convention of the Motion Picture Theater Owners of America. The Palace is the show ground for all the things of moviedom and the federal government occupies more space than any other single unit in the industry. Government films, which now number more than 250 and are released thru the department of agriculture strive for a happy combination of dramatic and educational features of which "Mollie of Pine Grove Vat" is a worthy example. Here, in three thrilling reels, with a love plot, and dramatic incidents galore, is presented the problem of cattle ticks and their eradication. "Thousands of workers have found," said a representative of the department, "that motion pictures possess a tremendous possibility for usefulness in spreading scientific knowledge in agriculture and kindred fields. In some sections of the country the department's films are being shown in communities which have never known the magic of the screen." The films are free of charge except transportation. Other themes of government pictures are Good Roads, reforestation, food production, animal health, better marketing, better farming, insect control, rural development, and fire prevention. Some recent releases, all one-reelers are "A Tale of Two Bulls," a picture of the advantages of stock breeding, "Red Enemy," on forest fire prevention, and "Roads to Glory," showing scenic spots of the west reached by auto routes. Approximately 17,000 motion picture theaters are represented in the convention which began its business session today.

FOUR MEN KILLED WHEN SNOWSLIDE HITS R. R. TUNNEL

Accident Occurred at the "Top o' the World"

(By The Associated Press) DENVER, Colo., May 21.—A gigantic snowslide sweeping down the mountainside at a terrific rate of speed, struck the west end of Tunnel No. 32 on the Denver & Salt Lake railroad between Corona and Dixie Lake, Colo., late today, killing four members of a working party and injuring two others. The dead: Thomas J. Thom, Pete Zar-koff, Alfred Anderson, John P. Stewart. John Thompson, foreman of the party, and William P. Pierce were injured. The men were working on the top of the shed clearing it of snow. The slide started high on the mountainside and engulfed the men before they could escape. Relief parties were dispatched from Tabernash, Denver. All four bodies were recovered tonight. The spot where the slide occurred is well known to tourists. It is midway between Corona, known as the 'Top o' the World, because of its altitude of 11,660 feet, and Dixie Lake, whose altitude is 10,650 feet. The spot is almost a land of perpetual snow. At this season of the year workmen are kept busy removing snow from the shed.

STATE WILL OFFER \$17,000,000 WORTH OF BONDS FRIDAY

Issue to Contain Both Bonus and Road Bonds

(By The Associated Press) SPRINGFIELD, Ill., May 21.—The state of Illinois next Friday will offer for sale \$17,000,000 worth of bonds, \$10,000,000 of which will be soldier bonds and \$7,000,000 hard road bonds, according to announcement today by State Treasurer Oscar Nelson. The bonds will be offered in open competitive bids. The bonus bonds will be issued in \$1,000 denominations and will bear four and one-half per cent interest. The road bonds also will be in \$1,000 denomination but will bear four per cent as specified by the law. Bidders for the road bonds must furnish a certified check payable to the order of the state treasurer in the amount of two per cent of the bonds bid for as guarantee of good faith. These bonds will be due \$5,000,000 annually. The sale is scheduled to take place at 2:30 p. m. Friday. This is said to be the largest bond sale ever conducted by the state. Sale of the bonds will pave the way for initial bonus payments July 1.

COLONEL RUPERT BECOMES OWNER OF N. Y. YANKEES

Purchases Interest of His Partner, Colonel T. L. Huston

(By The Associated Press) NEW YORK, May 21.—Colonel Jacob Rupert, president of the New York Yankees has acquired the half interest of his partner, Colonel T. L. Huston, and will become sole owner, on June 1 of the American League champions and their great Stadium in the Bronx, the largest baseball park in the country. This announcement was made tonight by the Yankee colonels in a joint statement in which they declared negotiations for the sale of Huston's interest to his partner, Colonel Rupert, had been resumed and carried to completion. Colonel Huston will remain as a director of the club it was announced, but retains no financial interest whatever. The colonels refused to divulge financial details of the deal, which ranks among the biggest in diamond history, but it was reliably estimated that Colonel Huston received from \$1,500,000 to \$2,000,000 for his interests. Experts base this figure on the approximate valuation of from \$3,000,000 to \$4,000,000 placed upon the Yankee club and its new stadium, which alone was estimated to have cost \$2,500,000. While the new basis of agreement between the two colonels was not revealed, Colonel Huston intimated that an agreement had been reached after elimination of a clause which was understood to have stipulated that he remain out of baseball in New York City for a period of ten years. This clause, inserted by Rupert, was believed to have caused the previous break in negotiations. Colonel Huston would not indicate whether the removal of this restriction would have any significance but it immediately revived gossip that he might become interested in the Brooklyn National League Club. Discussing his plans for the immediate future, Colonel Huston said he intended to visit Hot Springs, Arkansas for a few weeks and then join his family for a vacation in California. He is national commander-in-chief of the Veterans of Foreign Wars and has devoted an increasing amount of his time to their interests, a factor which was said before to have a bearing on his desire to shift his baseball responsibilities. The retirement of Huston as half owner of the Yankees leaves vacant the position of secretary-treasurer which he held. Edward G. Barrow, present business manager, probably will take over the secretarial duties. Colonel Rupert said and another treasurer will be appointed. No other change in organization in contemplated.

MOUNT MYSTERY REMAINS UNSOLVED

(By The Associated Press) CHICAGO, May 21.—The disappearance a year and a half ago of Leighton Mount, Northwestern University freshman following a class fight seemed destined today to be relegated to the class of unsolved mysteries unless the authorities obtain more information than they have at present. The investigation was today being given secondary importance, even in the state's attorney's office. Where a week ago all was turmoil and fifty per cent of the state's attorney's staff were helping with the investigation only two assistants were plodding away to the mystery today. They admitted they had learned nothing new regarding Mount's disappearance since he was last seen three weeks ago under an Evanston pier and believed by the authorities to be Mount's. The grand jury that started an investigation was still in session today but devoted no time to the case. Charles "Chuck" Palmer, star athlete at Northwestern who was held in custody for a day last week when a former woman friend declared he knew about Mount's disappearance, was exonerated of all suspicion of knowledge of the case in Judge Michael McKinley's court today. His attorney's demanded an apology from assistant state's attorneys at this was refused. FORMER LIEUTENANT GOVERNOR SURRENDERS Boston, May 21.—William R. Allen, former lieutenant governor of Montana, surrendered to the police here tonight on indictments charging larceny of \$800,000, the property of the Obstant Montana corporation and conspiracy to steal monies of the Boston-Montana Development company, the Montana Southern Railway company and the Boston-Montana Mining and Power company. All three subsidies of the Boston-Montana corporation.

Condensed Telegraph News (By The Associated Press)

Fairfield, Ill., May 21.—The divorce question was before the general assembly of the Cumberland Presbyterian church today. The delegates also were considering the question of teaching evolution in schools. A memorial service for deceased ministers was conducted by the Rev. W. M. Neely of Lawrenceburg, Tenn., the oldest member of the assembly. Washington, May 21.—A state cannot control freight rates upon a commodity shipped between points within its border, when the article is intended for public improvements, the supreme court today held in two cases brought by the United States, the interstate commerce commission and a number of railroads against the state of Tennessee. Sault Ste Marie, Mich., May 21.—Twenty-seven members of the crew of the steamer Edward R. Demmer, which sank in Lake Huron, 40 miles off Thunder Bay on Sunday, after having been struck by the steamer Saturn of the Inter-Lake Steamship Co., arrived here early today. The crew barely had time to take to the boats before the Demmer went down. Minneapolis, Minn., May 21.—The American Wheat Growers' association, one of the largest farm co-operative societies in the world, will be set in operation when delegates from 12 states meet here today. Officials of the association, which will market wheat of the farmer members, estimated that 75,000,000 bushels of the 1923 crop will be handled. Camden, S. C., May 21.—The death list in the Cleveland school house fire of last Thursday night today had been increased to 77 persons with two more placed on the doubtful list. Washington, May 21.—The Minnesota statute which makes a railroad liable for action in that state if it maintains an agency there was found obnoxious to the federal constitution and was declared void by the supreme court today in a case brought by the Farmers' Co-operative Equity Co., against the director general of the railroads. The court took the position that the law was a restraint on interstate commerce. Washington, May 21.—Per capita consumption of narcotic drugs in the United States has shown an enormous decrease under administration of the Harrison Drug act, according to a statement today by Federal Prohibition Commissioner Haynes giving the latest official figures. These indicate the effectiveness of federal control, Commissioner Haynes declared.

JUDGE PARKER TO SUCCEED DAY ON WAR CLAIM BOARD

Partial Reorganization is Caused by the Change

(By The Associated Press) WASHINGTON, May 21.—Partial reorganization of the mixed claims commission, constituted to adjudicate war claims totaling \$1,479,000,000 of the United States government and American citizens against Germany was caused today by the retirement of former Justice Day of the supreme court as umpire of the commission. Judge Edwin B. Parker of Texas, a member of the commission was appointed by President Harding to succeed Mr. Day as umpire, leaving the post of commissioner temporarily vacant. The resignation of Mr. Day who told the president he believed a younger man should serve as umpire, came as the commission was beginning to consider the 12,416 claims filed. The commissioners representing the United States and Germany respectively Judge Parker and Dr. Wilhelm Klesselbach, already had begun hearings on the Lusitania claims. These had been presented last week by Robert C. Morris, American agent, and Marshall Morgan, counsel for the commission in charge of the Lusitania claims. Their reargument after the appointment of the new American commissioner probably will be necessary. Mr. Day's selection as umpire had met with decided approval because of his past experience in mixed claims commission work and his reputation in long public service as former secretary of state and on the supreme court bench. Germany asked the United States to appoint the commission's umpire and expressly approved the selection of Justice Day. It was announced at the state department today, in connection with the appointment of Judge Parker as umpire, that the German government was glad to approve his selection. Little delay in disposal of the American's claims, officials said, will result from the commission's personnel change. President Harding is expected to appoint a new American commissioner promptly. There has been no intimation so far of the probable choice of President Harding of the commission vacancy, but the executive and Secretary Hughes were said to regard the position as one of prime importance, containing great responsibilities to the government and to the thousands of individuals who are in the long list of claimants.

ONE KILLED AT GRADE CROSSING

(By The Associated Press) DANVILLE, Ill., May 21.—John Shouse, 60 was instantly killed and his son, Harry Shouse and George McDowell were severely injured tonight when the Shouse automobile was struck by a Big Four passenger train a mile south of Westville. The engineer and fireman did not know there had been an accident until an automobile headlight was taken from the pilot of their engine when it arrived at Westville.

MODIFY PROHIBITION LAW FOR PHYSICIANS

(By The Associated Press) WASHINGTON, May 21.—Formal orders modifying prohibition enforcement regulations affecting physicians, dentists and veterinarians, by providing that their permits hereafter may be obtained from state prohibition directors instead of at Washington headquarters were issued today by Secretary Mellon. In addition to permitting physicians to obtain permits from state directors the treasury authorizes the issuance by state directors of permits for dentists and veterinarians to use alcohol. Berkeley, Calif., May 21.—Margaret Anglin will never act on a public stage again, "here or elsewhere," if an actor's union is formed, she said today. Miss Anglin is here to present "The Hippolytus" of Euripides in the Tre K theater at the University of California, May 29.

ENGLAND AND U. S. MAY SOON SIGN DEBT SETTLEMENT

Proposals of British Seem to be Satisfactory Officials Say

(By The Associated Press) WASHINGTON, May 21.—The actual signing of the Anglo-American debt settlement appeared to be near today as the result of a meeting of the American debt commission which gave consideration of the latest suggestion by the British government for alterations in details of the agreement. A treasury spokesman said after the meeting that nothing objectionable to this government had been found in the British proposal. The results of the debt commission meeting were communicated immediately to Sir Auckland Geddes, the British ambassador, who also was advised of the attitude taken by the commission with respect to phraseology suggested by the British. Some of the language proposed appeared not to meet entire approval but treasury officials familiar with the situation explained that the difference of opinion amounted largely to a choice of words. The statement was reiterated by Secretary Mellon that no important phase of settlement was affected by the British suggestions. He added that one of the chief problems with which the commission and its British correspondents have had to deal was that of making the language to be used in the settlement debenture conform with the statements of both Great Britain and the United States. This he said is necessary so that the bonds offered as security in the funding arrangement may be legal in every respect in each country. Mr. Mellon does not anticipate a further meeting of the American commission.

WAR DEPARTMENT TO ISSUE DON'T CHART

(By The Associated Press) WASHINGTON, May 21.—At the suggestion of secretary Weeks, war department officials, charged with drawing up industrial mobilization plans, are working out a "don't" chart based on war experience and setting out those things done during the war which it is most desirable to avoid in any future life who handled the big supply and equipment problems of the war are coming forward it was learned today with examples taken from their own experience of things most essential to avoid, based on errors committed during the war. Assistant Secretary Davis, who has direct charge by law of his phase of war planning, today has written to a number of men who served on the war industries board, the priorities board and similar wartime agencies, setting out the plan of getting into touch with war activities that proved to be errors. "The only way in which immediate relief can be obtained is to eliminate the tariff on sugar which keeps large amounts of sugar from coming into this country," the resolution says. "If the tariff is removed sugar will pour in from all parts of the world, thus frustrating the plans of the sugar profiteers."

ASK SUGAR TARIFF TO BE REMOVED

(By The Associated Press) CHICAGO, May 21.—The high cost committee of the city council today adopted a resolution asking President Harding to use his power to remove the tariff regulation on sugar as a means of forcing down the present high price of sugar. The resolution declares there is a conspiracy or understanding among certain interests in the United States to get a corner on sugar in order to create an apparent shortage which will enable them to keep up the price of sugar. "The only way in which immediate relief can be obtained is to eliminate the tariff on sugar which keeps large amounts of sugar from coming into this country," the resolution says. "If the tariff is removed sugar will pour in from all parts of the world, thus frustrating the plans of the sugar profiteers."

MARGARET ANGELINE OPPOSED TO UNION

Berkeley, Calif., May 21.—Margaret Anglin will never act on a public stage again, "here or elsewhere," if an actor's union is formed, she said today. Miss Anglin is here to present "The Hippolytus" of Euripides in the Tre K theater at the University of California, May 29.

NEW YORK SCHOOL PUPILS SHOW COOLNESS

New York, May 21.—With the recent school house fire at Cleveland, S. C. fresh in their minds, 1,200 pupils of Evander Childs High School, in the Bronx, reached the street in two minutes and 45 seconds today when a fire started in a waste paper chute. The fire was confined to the chute. No one was injured.

OFFICIALS ARE PESSIMISTIC AS TO NEGOTIATIONS

Situation Will be Dealt With Thru Peking Officials

(By The Associated Press) ASHINGTON, May 21.—Pessimistic reports were received today from American officials in China as to the probability of successful negotiations between the Chinese government and bandit leaders for the release of American and other foreign hostages held by the brigands. As a result concern was felt in government circles but the state department was not swayed from the conviction that the only practical means of dealing with the situation was thru the Peking diplomatic council. So far as could be learned, no move was made to intervene from Washington in Minister Schurman's efforts, in association with the diplomatic colleagues, to bring about the release of the captives unharmed. The department received no additional information today, so far as its published statements show. Dispatches from Consul Davis and Major Philson relayed by the Peking legation, expressed the opinion that negotiations with the brigands would be futile unless there were unofficial foreign intervention in the controversies. They reported that Roy Anderson an American of long residence in China and with personal acquaintance with some of the bandits, had volunteered to join with the Chinese officials in new efforts to reach an agreement provided he was clothed with full powers to act by the Chinese government. At the state department it was emphasized that the immediate question of obtaining the release of the captives and the future one of insuring foreigners in China against similar outrages hereafter are regarded as distinct and separate problems. The immediate question of getting the bandits to release their hostages is filled with grave difficulties and danger for the prisoners and it is for that reason that the Washington government is leaving it in Minister Schurman's hands. It is felt that any intervention from Washington, unless such a course was recommended by Mr. Schurman, might precipitate the very contingencies that he is seeking to avoid, retaliation on the prisoners.

BELL CONDEMNS RELEGATION OF PREPAREDNESS

Says That Indifference on the Country is Criminal

(By The Associated Press) CHICAGO, May 21.—Relocation of preparedness for a peace program was condemned by Major General George Bell, Jr., recently retired commanding officer of the Sixth Army Corps area, who, in speaking tonight before the Chicago Association of Credit Men declared America's indifference to preparedness was criminal. A warning to Americans that the country, if it follows a peace program, will find itself in the same position as Germany is in today, kicked around by an arrogant foe, was sounded by General Bell who declared that treaties today are "scraps of paper to be violated at will." "It will take years for America to catch up as the result of her recent armament program and we have fallen of our own accord," said General Bell. "America is too ready to disarm and make herself helpless without hearing from the outside. "One of our allies informs us we are meddlers when we try to establish peace," he declared, and added that France is treating America with the same arrogance as Germany did before the war. The country is imperiled from within by thirty-five peace societies with a combined endowment of \$15,000,000 and with not a single scientific study of war among them. Major William Scott Wood, of the United States army who followed General Bell on the program declared.

TORNADO HITS MCLEAN, TEXAS

Amarillo, Texas, May 21.—A tornado struck the south part of McLean, Texas, about forty miles east of Amarillo, late this afternoon and destroyed eight homes. No lives were lost and no injuries were reported. Several farm houses and barns were destroyed. A heavy hail storm followed. Considerable livestock was killed.

AUTO BANDITS GET \$85,000

Los Angeles, Cal., May 21.—Automobile bandits late today "hot Dave Antink, cashier of the Sun Drug company, according to the police, and escaped after robbing him of \$35,000 which he was carrying to the bank in a satchel. Antink, whose wounds were not serious, said he believed the driver of the robbers' car was hit by one of the bullets he fired at the men as they fled.

MUCH SPECULATION AS TO SUCCESSOR FOR PREMIERSHIP

Marquis Curzon and Stanley Baldwin are Likely Candidates

(By The Associated Press) LONDON, May 21.—No move has yet been made in the direction of filling the vacant premiership, and the name of Mr. Bonar Law's successor is still a matter of speculation. As parliament is not sitting, there is no immediate hurry to fill the vacancy and the king is in communication thru intermediaries with those statesmen he desires to consult before he returns to London for personal consultations. The task facing His Majesty is no easy one for there is no outstanding figure to whom all could point as the inevitable nominee while the conservative party itself is completely divided on the subject. If Marquis Curzon seems to be indicated as the most appropriate nominee, Stanley Baldwin, chancellor of the exchequer also has a very strong following among his party. These two are still chiefly talked of as the most likely successor to Mr. Bonar Law. It may possibly turn out that their rival claims are so well balanced that the solution may ultimately be found in some third compromise candidate. Mr. Baldwin is reported willing to serve under Lord Curzon, but, despite Curzon's strong claims, there persists a deep feeling against the new prime minister's being a member of the house of lords. There were some hints today that Lord Curzon's whose health lately has not been the best may make that the reason for declining the honor, which it is widely expected the king will propose to him and that he will then advise the king to appoint Mr. Baldwin. This, however, is pure speculation. Conservative Party to Meet The conservative party is expected to hold a meeting on either Wednesday or Thursday at the Carlton Club to elect a new party leader to replace Mr. Bonar Law.

TWO OIL TANKS HIT BY LIGHTNING

(By The Associated Press) TULSA, Okla., May 21.—Two oil tanks located southwest of Tulsa were fired by lightning tonight, but the flames were quickly brought under control. Several hours after the 15,000 barrel tank owned by the Texas company was ignited, employees of the company had the fire under control. The tank was half filled with crude oil. A 5,000 barrel tank owned by Couden and company, also caught fire but within half an hour the blaze was extinguished with use of a chemical.

## A THOUGHT

Woe unto them that call evil good, and good evil; that put darkness for light, and light for darkness; that put bitter for sweet, and sweet for bitter.—Isa. 5:20.

Cheats easily believe others as bad as themselves; there is no receiving them, not do they long receive.—La Bruyere.

If you read Wayne Gard's interesting letter from the Himalayas you noted that this Jacksonville young man confessed to a

liking for monkey meat. This must be an acquired taste and Mr. Gard with facetious reference to the Darwin theory says that now he is a full-fledged cannibal. One thing is certain, Mr. Gard writes in a very interesting way about unusual experiences.

S. W. Nichols has manifested his continued interest in the happiness of young people by his suggestion that he will establish a special Christmas fund. In a letter to the city council Mr. Nichols proposes to establish such a fund, the income from which is to be expended yearly for the purchase of presents for children who would otherwise not know much of Christmas cheer.

The project is quite in line with other generous benefactions on the part of Mr. Nichols.

## A GENEROUS WORLD

Old-fashioned hospitality is supposed to be extinct and unsolicited generosity to strangers exceedingly rare in this generation. A man who has been walking around the edge of the United States since November, 1921, believes otherwise.

In 1921, according to the story, this man tried to publish a book in which he had elaborated on the generosity of the American people. His publishers considered his story not only highly improbable, but downright impossible. So the author set forth

from San Francisco, on foot, hatless, coatless and penniless, to test the kindness of his fellow countrymen.

He crossed the southern part of the country, thru the Gulf states to the Atlantic seaboard. Then he walked north to Portland, Me., turning there and following along the southern shore of the Great Lakes. He recently passed thru Little Falls, Minn., and expects to be in San Francisco before September.

During this test hiking tour, the walker has been allowed to ask for only two things, water and matches. The rules of his long jaunt required also that he should accept no automobile lifts along the way.

His worst experience, he asserts, was walking thru the Yuma desert of Arizona. In Texas he went without food once for 60 consecutive hours and walked 73 hours without seeing a single house. Otherwise, on a schedule of three meals a day, he has missed only 30 meals on his trip so far. He has had to sleep in the open only three times. He received many offers of rides in automobiles and wagons—on one day the number totaled 194.

Apparently it is not such a cold and selfish world as some persons believe.

## WHAT YOUR DOLLAR BUYS

Of every dollar spent by an American consumer, 49 cents represents the cost of selling and distribution, 29 cents goes to the primary producer, 17 cents to the manufacturer and 14 cents for profit and return upon invested capital. The figures, drawn from the Anderson report to Congress, have started a lot of argument and occasioned much complaint, chiefly among the con-

sumers and the original producers. But wait!

In this country 41,614,248 people are engaged in gainful occupations, and of this number 29,570,867—or 71 per cent—are busy with manufacturing, transportation, distribution and allied activities. Under the circumstances it is easy to see why the primary producer, whether of food or fuel or any other commodity, gets so small a share of what the ultimate consumer pays.

There is a feeling general among farmers and consumers that too many individuals have interposed themselves between, and no doubt our marketing system might be greatly improved and simplified. Before we complain, however, we should remember that the grading and packing of foodstuffs, the manufacturing processes necessary before much of our fuel can be marketed and the transportation and distribution of every article we eat or wear or use, are, in effect, essential parts in the process of production. The public has come to expect such a variety of goods and services that it employs more people in secondary than in primary processes. That is all.

And, of course, the processes must be paid for.

## WINCHESTER CLUB ENDS WORK OF YEAR

Dramatics Given at May Breakfast of Woman's Club Portray History of Scott County — Other Winchester Items of Interest.

WINCHESTER, May 1. — The history of Scott county was portrayed in Spontaneous Dramatics today at the closing meeting of the local Woman's club. The occasion was the annual May breakfast, which closed the work of the organization for the year. The affair was held at the pleasant country home of Mr. and Mrs. Irwin Carlton, Miss Mary Carlton being the hostess. The breakfast was served at 12:30 o'clock, and was attended by about seventy members and guests of the club.

The program consisted of Spontaneous Dramatics with the history of Scott county as a basis. Mrs. James Overton was chairman of this part of the entertainment. Various scenes in the history of the county were enacted, such as: The Indians and their life. The coming of the first settlers. The coming of the churches and Peter Cartwright.

Portrayals of noted men who are associated with the history of the county — Lincoln, Douglas, Grant; Jack London, who is said to have ridden thru the county on the bumpers; Col. Kilpatrick, the educational leader; Col. Knapp, the first newspaper man in the county; Col. Burr, and Col. Caman. The dramatics closed with war songs. All the players, who were members of the club were in costume.

The May festival given by the physical training classes of the community high school will be held at 2:45 o'clock in the afternoon of Friday, May 25, on the Great lawn.

Mrs. Claude Thomas has returned from Clinton and reports her sister M. W. B. Clark, much improved from her recent operation. Elder George Murray has arrived here from Quincy for an extended visit with his daughters, Mrs. H. B. Fletcher and Mrs. Sim Matheson and other relatives.

Lon Hieronymus of Jacksonville spent Sunday with his father Charles Hieronymus and family in this city.

Mr. and Mrs. Charles Woodall, Mr. and Mrs. William Woodall and Mr. and Mrs. Oliver Woodall were among residents of this vicinity who attended the funeral of Henry Ball at Manchester.

Clayton Cummings has gone to Quincy, where he will take a position with the firm of Buarkin & Buarkin, contractors.

Union memorial services will be held here next Sunday morning at the Baptist church. Rev. Bayliss will deliver the memorial sermon.

## PLAN TO CONTRAST OLD SOUTH WITH NEW

Atlanta Kiwanians Will Set Calendar Back 60 Years to Entertain Visitors at Convention—Plantations Being Ransacked For Relics.

ATLANTA, Ga., May 21.—Remote country by-ways and ancient plantations for a hundred miles around Atlanta are being ransacked by members of the Kiwanis Club for relics of the "Old South," to be exhibited to visitors to the International Kiwanis Convention to be held here May 28 to 31st. One of the features of the Convention will be "Plantation Days," a picture of ante-bellum times in Georgia, with a log cabin on the stage, surrounded by Possums, dogs, growing cotton plants and old-time dardies, of a type so rapidly passing away.

Atlanta Kiwanians say they expect to "set the calendar back 60 years," to show the contrast between the old South and the new. A barbecue, planned to serve 6,000 visitors in one hour, is to be another feature of the Convention.

Despite the distance many of the delegates and visitors must travel, it is believed the attendance will break all records for a train have been arranged from Canada, the Pacific Coast, New England and the Southwest, besides several from the Middle West and other sections. Several hundred parties will motor to Atlanta over the Dixie Highway, and one enthusiastic Tennessee member has announced his intention of flying to Atlanta in his privately-owned airplane.

The convention committees are making especially elaborate preparations for the entertainment features, including motor tours through the battlefields which surrounded the city and where were fought the battles which marked the end of the war between the States. National Memorial Day, May 30th, will be observed with elaborate ceremonies in which representatives of North and South will join.

The most sensational and spectacular storm and flood scene ever shown on the screen. A whole town wiped off the map by a terrific deluge. The most tense dramatic story of American small town life ever portrayed. Life in a small American town where the ten commandments are broken every day and the golden rule every hour. A man-made storm and flood that surpasses for thrills and sensations the greatest deluges in history. A dramatic story based on the love of a boy for his mother. A boy, still in his teens, who gives a dramatic characterization unsurpassed in the history of motion pictures. A story adapted from the real life experiences of its leading character. A motion picture that proves again truth is stranger than fiction.

**FORMER RESIDENT OF COUNTY IS DEAD**

Conrad Yonker Passed Away at Home in Granite City Last Night

Mrs. Henry Rawlings of Franklin received a message last night telling of the death of her brother, Conrad Yonker at the family home in Granite City. The deceased had been ill for a number of days and his death was not altogether unexpected.

Mr. Yonker was about fifty-six years of age at the time of his death. He was formerly a resident of the Durbin neighborhood and was known to a number of Morgan county residents. Another sister, Mrs. Sam Buren, is also a resident of Franklin.

The deceased was united in marriage a number of years ago to Miss Princess Fanning, who survives him.

The arrangements for the funeral have not been completed.

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health

Worcester, Mass. — "I had some trouble caused by a female weakness and got so run-down and weak from it that I could hardly stand or walk across the floor. The doctor gave me all kinds of pills, but nothing helped me. I happened to meet a friend who had taken Lydia E. Pinkham's Vegetable Compound, so I thought I would try it. After taking it a week I began to improve, and now I feel fine and am doing all of my housework, including washing, sewing and house cleaning. I have recommended your medicine to my friends, and I am willing for you to use this letter as a testimonial, as I would like to help any one suffering the way I did from such a weakness." — Mrs. DELIA HICKEY, 4 S. **MANCHESTER RESIDENT LAID TO REST SUNDAY**

Remains of Late Enry Bell Interred After Impressive Funeral Services—Obituary Sketch

Manchester, May 21.—Funeral services for the late Henry Bell were held from the late home and the Manchester M. E. church Sunday, May 20, at 2 p. m. Rev. Harry M. Ingram, pastor of the church officiating. Burial was in the new Manchester cemetery.

The singers were Mrs. J. C. Andrus, Mrs. Langdon, M. Story and C. L. Loitz, accompanied by Miss Louise Pearce.

The flowers were cared for by Mrs. Chas. Woodall, Mrs. Emily Briscoe of White Hall, Miss Nellie Price and Martha Strange of Jacksonville, Eleanor Mae Greenwalt, Beatrice Odell, Dorothy Adams and Eula Moore.

The pall bearers were John Robinson, Buell Cuddy, James and Sam Odell, Oandie Boston, Sam Henry, Jr., of Woodson.

Obituary.

Henry Bell, son of James and Jane Harrison Oldfield Bell was born 1 1/2 miles north of Aisey, Ill., April 8, 1853, and departed this life at his home 3 1/2 miles west of Manchester, Thursday, May 17th, 1923, being 70 years, 1 month and 9 days of age.

He was united in marriage to Rosie Bell Henry March 7th, 1880. To this union were born four children: John Wright and Margaret Jane, who preceded him in death. He leaves a widow and two daughters, Mrs. Lillie Moore, of Palmyra, Ill., and Mrs. Mary Tankersley at home. He also leaves Mrs. Clarence Adams of near Glasgow who was raised in his home and seemed a daughter to him. There is one grand child, Eula Mae Moore, one brother and one sister, Mr. Elza Bell of Aisey, Ill., and Mrs. Elizabeth Woodall of Winchester, Ill., besides a host of relatives and friends to mourn his loss. There were several other orphan children which Mr. Bell took into his home and cared for as his own.

Mr. Bell spent his entire life on the farm excepting one year spent in Rockwood after which he moved back to the country where he made his home with his daughter and her husband, Mr. and Mrs. Kirby Tankersley. He loved farm life best. He was a very successful farmer and stock grower.

His success was due to his honesty in dealings with men, his steady hand and his upright and industrious characteristics.

He was a peaceful citizen and always ready to help in time of need. He was a plain and unpretentious man, but all who knew him loved him.

Oliver Wendell Holmes has written: "Build thee more stately mansions, O my soul! As the swift seasons roll, Leave thy low vaulted past, Let each new temple, nobler than the last, Shut thee from Heaven with a dome more vast, Till thou at length art free, Leaving thine outgrown shell by life's unresting sea."

Tanlac Put Him in Perfect Trim After Years' Suffering Declares Rodgers.

"Tanlac has helped me so much that I'll praise and recommend it as long as I live," recently said Irving Rodgers, Pottstown, Ill., well known employee at the Stewart Mines.

"For eight years I suffered from stomach trouble, indigestion and nervousness. My appetite wasn't any good, and gas formed in such quantities I often felt like I was smothering. I had awful headaches, and my sleep was restless and broken. I was so worn out I could hardly drag home from my work when quitting time came, was continually getting worse, and felt like I couldn't hold out much longer.

"Well, sir, my troubles are all gone now, and I have Tanlac to thank for it. The treatment has fixed me up in perfect trim, and I can't recall the time I ever felt better. I am glad to give Tanlac the credit it deserves."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

Tanlac Vegetable Pills are nature's own remedy for constipation. For sale everywhere.

## RING LOST 20 YEARS IS FOUND IN GARDEN

Mrs. Glen Funk of Manchester Finds Wedding Band Which Disappeared in Straw Pile, Was Property of Mrs. John Akers Other Manchester News.

Manchester, May 21.—A gold wedding ring that has been lost for twenty years was found today by Mrs. Glen Funk while working in the garden at her home near here. The ring is the property of Mrs. John Akers, and was the wedding band of her mother, Mrs. John Ray. It is at least forty-six years old, and is still in splendid condition.

Mrs. Akers lost the ring about twenty years ago when she lived on the farm which is now the Funk home. She lost the keepsake while gathering material for her nests from a straw pile. As the ring was similar in color to the straw, she failed to find it, but continued to hunt for it as the years passed.

Mrs. Akers informed family after family that occupied the farm, telling them of her loss and asking that a lookout be kept for the ring. The ground where it was lost has been plowed many times, the straw was long since destroyed, and finally the site of the stack was turned into a garden. It was while working in this garden today that Mrs. Funk found the ring.

## FINE PROGRAM GIVEN AT I. W. C. LAST NIGHT

Graduates in Specialized Course in Child Training Give Demonstration—Large Audience Was Enthusiastic

Anyone who doubts the interest of the public in what the development of the child means, should have been present at Music Hall, Illinois Woman's college, yesterday evening when those completing a two years specialized course in child training put on their first demonstration. The public was out in force and great enthusiasm was shown.

The program opened with class exercises in elementary music conducted by Miss Clarke and Miss Broadstone; the classes who served for the demonstration were children from the public schools; this part of the instructive evening's work was warmly applauded; it showed to fine advantage the kind of training given these young women by Miss Lena Hopner under whose leadership they have studied Public School Music Methods, both theoretically in the class room and practically by observation and practice-teaching in the public schools.

The general program that followed consisted of selections in voice which with each of these young women has been a major subject, and of selections for violin, organ and piano, which have been selected by them as minor subjects. All of those taking part in this part of the program have been frequently heard to excellent advantage in these various fields on former occasions and did themselves great credit again.

Mrs. Colard and Mrs. Forrest played for the song accompaniments each having a vital interest in the success of the evening, as the major subject of each young woman has been pursued with one or the other of them. Miss Gwen Schroyer played for the violinist of the evening, who substituted the "Londerry Air" for the "Andantino" which was indicated on the program.

This extremely interesting program gave ample proof of the practical training that is given to those who seek, thru the College of Music to equip themselves for special work in the big world when school days are over. Though the first program of its kind it is sure not to be the last and the public will eagerly await another such evening.

## ACKS ASSISTANCE FOR CAMDEN VICTIMS

(By The Associated Press)

COLUMBIA, S. C., May 21.—Help of the people of the United States in caring for the widows and orphaned children, whose relatives were among the 77 victims of the Cleveland school house fire last Thursday, was asked today by Camden, the little resort town in the heart of South Carolina, which has assumed the burden of providing for the stricken. Governor Thomas G. McLeod, immediately on the receipt of a telegram from the Red Cross advisory committee at Camden that outside assistance was needed, issued an appeal to the country at large for funds to provide permanently for at least four widows and forty-two children. Contributions, he announced, should be sent to the American Red Cross, which has undertaken to manage the entire relief program.

The telegram to the governor from the advisory committee declared that previous estimates of the needs of the community, where scarcely a home was spared the loss of at least one of its occupants, had been greatly underestimated.

Dr. F. M. Rule left Monday night for a business trip to St. Louis.

## SURPLUS IS SHOWN BY COMMERCE BOARD

Report Transmitted to Legislative Committee by Chairman Smith Shows Sum of \$277,355.38 Unexpended

(Chicago Journal)  
SPRINGFIELD, May 21.—One of the first reports to reach the house committee appointed to investigate state expenditures of the last twelve years, which met today, was that of Frank L. Smith, chairman of the Illinois commerce commission.

The outstanding item in Chairman Smith's report was that which showed that on July 1, when the biennium ends, he will turn back into the state treasury an amount estimated at \$277,355.38. It is so unusual for state departments to turn money back into the treasury that members of the committee were surprised.

One of the reasons for the investigating committee was a desire of John P. Devine, minority leader, to ascertain what the expenditures of the commerce commission and the department of health in the last two years were. That was due to increased appropriations for these two departments in 1921. The commerce commission at that time was increased from five to seven members and seven assistant commissioners were appointed. The law also was changed so that meetings should be held in other sections of the state besides Springfield and Chicago, which increased the travel account.

Appropriation is \$1,387,000. Appropriations for the commission for two years were \$1,387,000. To Dec. 1, 1922, the commission expended of that amount \$818,345.51. The unexpended balance on Dec. 31, 1922, was \$568,654.49.

One of the things the investigating committee asked of all departments was the number of employees. Col. Smith's report shows that the commerce commission consists of seven commissioners, one secretary and 177 other employees, as follows: Eight assistant commissioners, seven private secretaries, twenty-one employees of the executive section, nine employees of the section of rates and tariffs, thirty-three employees of the accounting section, seventy-nine employees of the engineering section, and twenty miscellaneous employees—stenographers, inspectors, investigators, et al., who are paid from the valuation and investigation fund of the commission.

In eighteen months 1,735 cases were put on the commission's docket, and the commission held close to 2,000 hearings and entered 1,813 orders. More than 1,000 informal complaints filed in that period have been disposed of. The commission approved 3,793 leases of property for utility concerns. It licenses 424 warehouses.

**Adjust Utility Rates**  
Referring to adjustment of utility rates the report says in part:

"By far the greater part of the work of the commission has been directed toward the adjustment of utility rates following the almost universal increases granted while the war was in progress or immediately thereafter.

"These increases necessarily were made without careful investigation and generally, if not universally, upon estimated valuations of utility properties. The predecessor to this commission lacked both the personnel and the time to determine the true values of the various utilities seeking increased revenues. The rates granted were temporary and experimental and were based upon the urgent needs of the utilities and upon estimated values rather than by the orderly process of testing valuations and then granting fair returns upon such valuations.

"In the period covered by this statement the engineering section of the commission completed the work of valuing the plants, holdings, equipment, etc., of a total of 101 utilities, operating properties with a gross value of more than \$78,000,000."

**YELLOWSTONE PARK** is wonderful—WONDERFUL! But it is not all there is to see in the Northern Pacific Country. Go further west—to Helena, Butte, Missoula, Spokane, Seattle, Tacoma, Portland—right to the Oregon-Washington coast, where the sun sinks into the sea.

Seaside and Gearhart, Oregon; Moclips and North Beach, Washington—you cannot imagine pleasanter places to spend a part or all of the summer. Golf; smooth, sandy beaches that extend for miles; bathing; a climate which is as nearly perfect as it would be if you had the ordering of it, yourself; and the most glorious sunsets in the world—what more could you ask?

Note, too, that this summer, the Northern Pacific offers extremely low rates to the big cities and resorts along its line. These special rates are little more than half those ordinarily in effect.

## A Beauty Cream

Which keeps my girlish bloom

By Edna Wallace Hopper

I am writing these articles to tell all girls and women how I became a famous beauty and how I kept my youth. And I have placed in your stores the very helps I use, so you may do what I did.

These are secrets which I learned from famous beauties years ago in France. They made me a famous stage beauty. Because of them, I have lived a life of glory. And now, at a grandmother's age, they keep me playing youthful parts and looking like a girl of 19.

They did the same for many friends of mine. So I am convinced that women in general can multiply their beauty and keep their youth by the methods I employed. I am going to help them do it.

A French Creation  
A remarkable cold cream, which I call my Youth Cream, is one of my chief helps. French beauty experts gave me the formula many years ago.

It contains both lemon and strawberry. It is, I believe, the only cream in America which combines these great skin beautifiers.

It also includes the best skin helps that science has discovered. It is made to soften, whiten, feed and smooth the skin. My baby skin, as soft and rosy as 40 years ago, shows what this cream can do.

Now All May Use It  
Now a famous laboratory is making my Youth Cream in quantities, so all women may enjoy it. Use it at night on retiring. Use it daytimes as a powder base. Night and day keep it on your face to foster the fine texture of the skin, and to protect the skin.

Compare it with the cold creams you have used, and you will know one reason for my fame. I searched the world for the best beauty helps in existence, and I used them constantly.

Edna Wallace Hopper's Youth Cream is supplied by all druggists and toilet goods dealers. Price, 60c. Also my Facial Youth—my famous liquid cleanser. Also my White Youth Clay. Also my Hair Youth, which brought my luxuriant hair. My Beauty Book comes with each.

Let my Youth Cream show you what cream can do. Then I think you will want my other helps as well. They will bring you rich rewards.

## WAITE HOYT BLANKS WHITE SOX 5 TO 0

Thurston Also Pitches Good Game but Support Is Ragged

CHICAGO, May 21.—Waite Hoyt pitched in fine form today and New York shutout Chicago, 5 to 0. Thurston pitched a good game for the locals but his support was ragged. The visitors scored their runs bunching their hits.

## JOHNSTON FAVORITE IN MEN'S SINGLES

Five Men Considered as Likely Opponents in Finals—Lenglen Wins in Singles Without Trouble

ST. CLOUD, France, May 21.—Gohert and Cochet of France, Washer of Belgium, Count DeGomar of Spain and Wheatley of England appear to have the best chance of reaching the finals against William M. Johnston of California in the men's singles after three days of play in the international hard court tennis championships. The matches today in which Gohert won from Baron DeMorpurgo and Cochet defeated Colombo, first-ranking player of Italy, developed some of the best tennis ever seen in France.

Johnston, defeat of Diemer Koolhof of Holland, was also interesting, although somewhat one-sided, the American demonstrating his superiority over the Dutch champion by 6-3, 6-2, 4-6, 6-4.

Suzanne Lenglen, the French woman star had a walkover in her match with Mile. Perelli, whom she defeated without the loss of a single game, and is likely to come through without trouble in the woman's single. The only singles is Miss Eleanor Goss, who today disposed of Mile. Deve of France, 6-4, 6-4.

Pinch Hitters Win Game for Detroit

DETROIT, Mich. May 21.—A battery of pinchhitters took victory from the grasp of Philadelphia and gave Detroit a 5 to 4 victory today. Pilette allowed only four hits in 8 innings but each of them, figured in the Athletics scoring. Hasty worked well until the ninth when three singles, two errors and a base on balls enabled Detroit to tie the score. Then Rommell, who relieved him allowed the winning run.

Hasty, Rommell and Perkins; Pilette, Cole and Woodall.

## ROODHOUSE WON GAME FROM MURRAYVILLE

Baseball Game Sunday Resulted in Score of 5 to 2 in Favor of Roodhouse Nationals

Roodhouse, May 20.—The Nationals walked away with the third game of the season Sunday at Legion Park, when they beat Murrayville in a closely contested event, 5 to 2. Lightning fast ball and hair raising doubles featured for both teams. Three base wallows were as numerous as fleas on a canine's back. Kitner opposed Wright and on account of chilly weather neither pitcher was able to extend himself. Each had admirable support, with few errors, a scalped bunch of safeties and a run when it was needed. Murrayville lost their only chance to win in the seventh with two on and nobody out. Superb playing by the home team saved an embarrassing position.

## O'CONNELLS NOSE OUT INDEES 1 TO 0

Springfield Team Takes Hard Fought Pitcher's Battle-Hartman Whiffs 14 Men.

Frank Smith's Indees lost a hard fought contest to the O'Connell team of Springfield at South Side Park Sunday afternoon. The game was a pitcher's battle between Hartman and Reams with the former having a slight edge. He struckout 14 men and allowed five hits. His opponent also pitched a good game allowing seven hits and striking out six men.

Both teams had opportunities to score in the first five innings but were unable to reach the counting station. In the sixth the O'Connell's put across the only, and what finally proved to be the winning run.

James was first up and made his second safety of the day. He went to second on Rossiter's safety. Ford filed to Christopher but Olive delivered a long blow to left. Christopher made a hard try for the ball but could not quite reach it.

Both James and Rossiter thought the ball would be caught and held their bases. When they saw it was going safe they started to run. Christopher made a quick return of the ball to Fanning. The latter thought that James had already scored on the hit and made the play for Olive at second. Rossiter also was trapped and after chasing him up and down between the bases for several seconds he finally got to third in safety, but James had gone over with the lone run of the game.

The game was one of the best local fans have seen for some time. Had the Indees played good baseball on two occasions runs would have resulted and the verdict probably been in their favor by a couple of runs. The score:

## NORTHWESTERN WINS FROM WISCONSIN

CHICAGO, May 21.—Northwestern defeated Wisconsin 5 to 4 in an 11 inning contest at Evanston today. "Chuck" Palmer star athlete for Northwestern, and who was today absolved of any connection with the disappearance of a Northwestern student 20 months ago, won the game for his team on the mound by striking out nine men and getting one hit and one run.

Pickford and Aschenbrenner; Palmer and Stegman.

## TWO GOLF MATCHES SCHEDULED FOR JUNE

Jack Keywood Will Play Professionals on Local Course June 10 and 17—Men Have Given Lessons to Golfers of City.

Two exhibition golf matches to be played on the municipal links at Nichols park have been arranged by the association officials. Jack Keywood, the local professional instructor, will play an exhibition match on June 10th with John H. Lanz, the professional instructor at Robinson, Ill. and on June 17th he will play a similar match with Dr. R. W.

Dr. Tracy has also given lessons to local golfers. Both men are good players and some lively matches are expected. The matches will run either eighteen or thirty-six holes, a detail which has not been definitely decided.

## Will your car match these Oakland Upkeep Figures?

Accurate records kept by Oakland in Cleveland showed an average upkeep cost on Oakland 6-44's of **\$8.06 per year**

## Oakland "6"

The "Mileage-Basis" Plan

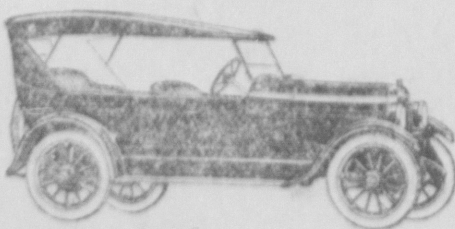

Main Bearings—40,000 miles or more without attention.  
Valves—15,000 miles or more without need of grinding.  
Connecting Rods—40,000 miles or more without attention.  
Cylinders, Pistons, Rings—Guaranteed in writing 15,000 miles.  
Gas Mileage—20 to 25 miles per gallon.  
Tires—15,000 to 25,000 miles per set.  
Transmission, Axles, and Major Parts—Life of the car.

IF YOU would know the quality of a motor car—look to its upkeep costs! In Cleveland last year it cost an average of only \$8.06 per year for upkeep on Six-44's! Other cities and towns report similarly low averages!

Another excellent indication of quality is found in a motor car's resale value. Try to buy a used "Six-44"—and you'll be surprised at the high price it commands.

These definite and actual evidences of the superior quality of the Oakland car explain why Oakland is enabled to offer its remarkable "Mileage-Basis" Plan!

Before you buy a car—come in and see the Oakland! You will find it beautiful, comfortable, powerful and genuinely economical—and you'll know the minimum number of trouble-free miles you can expect it to give you!

## Lasting Satisfaction in the Hupmobile

Satisfaction is perhaps the one word which best describes the feeling of every Hupmobile owner.

Satisfaction — with the faithful way it performs the tasks he sets for it to do; with the fact that it requires next to nothing in the way of expert care and adjustment; with low costs that stay low all the year 'round.

Satisfaction, in short, because the Hupmobile always does the things he wants it to do in the way he wants it to do them.

## BUTTER MARKET VERY UNSETTLED

CHICAGO, May 21.—Liberal supplies and light demand made the butter market here today weak and very unsettled. Goods generally offered at the below quoted prices and a close buyer undoubtedly could have obtained slight concessions to slight premiums, early sales being made as a higher price.

The car market was also weak with supplies liberal and demand limited. 90 score remained unsold at a late hour a day. Fresh butter: 92 score 40; 91 score 39; 90 score 38; 89 score 38; 88 score 38; 87 score 37; 86 score 37; 85 score 37; 84 score 37; 83 score 37; 82 score 37; 81 score 37; 80 score 37; 79 score 37; 78 score 37; 77 score 37; 76 score 37; 75 score 37; 74 score 37; 73 score 37; 72 score 37; 71 score 37; 70 score 37; 69 score 37; 68 score 37; 67 score 37; 66 score 37; 65 score 37; 64 score 37; 63 score 37; 62 score 37; 61 score 37; 60 score 37; 59 score 37; 58 score 37; 57 score 37; 56 score 37; 55 score 37; 54 score 37; 53 score 37; 52 score 37; 51 score 37; 50 score 37; 49 score 37; 48 score 37; 47 score 37; 46 score 37; 45 score 37; 44 score 37; 43 score 37; 42 score 37; 41 score 37; 40 score 37; 39 score 37; 38 score 37; 37 score 37; 36 score 37; 35 score 37; 34 score 37; 33 score 37; 32 score 37; 31 score 37; 30 score 37; 29 score 37; 28 score 37; 27 score 37; 26 score 37; 25 score 37; 24 score 37; 23 score 37; 22 score 37; 21 score 37; 20 score 37; 19 score 37; 18 score 37; 17 score 37; 16 score 37; 15 score 37; 14 score 37; 13 score 37; 12 score 37; 11 score 37; 10 score 37; 9 score 37; 8 score 37; 7 score 37; 6 score 37; 5 score 37; 4 score 37; 3 score 37; 2 score 37; 1 score 37; 0 score 37.

## Market Report

### SHORTS BRING ABOUT FORCED SELLING

FINANCIAL.

Day's total sales, \$1,135,000. Twenty industrials averaged 92.77; net loss \$1.93. High 1923 — 105.33; low 92.77.

Twenty railroads averaged 89.13; net loss .87. High 1923 — 90.63; low 80.13. Total sales par value, \$10,183,000.

NEW YORK, May 21.—Persistent selling by professional short interests brought about heavy forced selling in today's active stock market. The averages for 20 barometric railroad and industrial stocks being forced to new low levels for the year. The industrial average showed a net loss of nearly 2 points on the day and the railroad average was half that amount.

A large volume of today's liquidation is reported to have come from discouraged and tired holders of stocks purchased at high prices weeks or months ago.

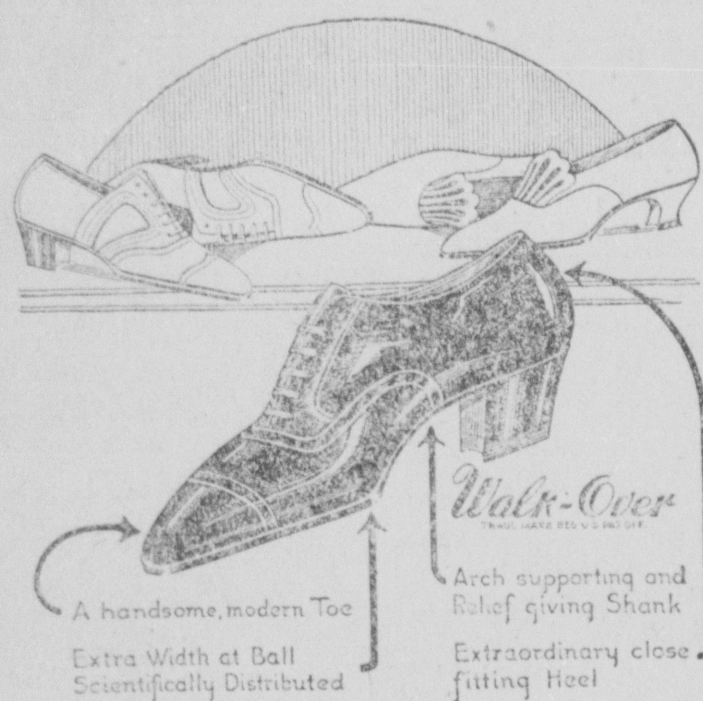

Announcement of a cut from \$1.50 to \$1 in the semi annual dividend of the Pacific Oil company came after the market closed and was not expected because of the conditions known to prevail in the industry. Overproduction of California Crude Oil has been the principal depressing influence on the prices of oil shares. Pacific oil closed 1/2c lower at 36 1/2 after having sold as high as 38 during the day.

Continued weakness of United States Steel common which touched a new low at 9 1/2 and then rallied to 9 3/4, where it was off 1/4 on the day, had a general unsettling effect on the rest of the list. California Petroleum was the only outstanding active stock moving against the current trend selling as high as 100 and closing at 9 1/2 for a net gain of 3/4.

All of the active United States government bonds moved upward with the exception of the tax exempt

### SUGAR BEET HANDS TRAVEL THRU CITY

Sugar beet specialists are continuing to pass thru Jacksonville. Seven coaches passed through on the Wabash Sunday morning at 12:30 and another special came through Monday night, running as second No. 12. These specialists contain Mexican laborers with their families enroute to the sugar beet fields of Michigan. They come from Texas, the Wabash receiving them at Kansas City and delivering them at Pere Marquette, Chicago, for distribution in the beet fields.

### CHRISTMAS GIFT FUND WILL BE ESTABLISHED

S. W. Nichols Asks Co-operation of City Council for Operation of Trust—Ordinance Passed Controlling Garages and Filling Stations in Residence District—Appointments Made

A regular meeting of the city council was held Monday night. A petition was received from T. B. Myers, asking authority to establish a dancing pavilion on South Diamond street, and was referred to a committee.

A communication was received from S. W. Nichols suggesting his willingness to establish a fund, the interest therefrom to be used in the purchase of Christmas gifts for poor children. The co-operation of certain city officials was sought.

Mayor Crabtree appointed Russell Leidy and Lee D. Jones as members of the fire department and Samuel Harris as patrolman and the council confirmed the appointments.

An ordinance was adopted requiring that adjacent property owners must give consent before a public garage or filling station can be established in a residence district. Other business was transacted and altogether it was quite a busy session.

The council met at the regular time and roll call by City Clerk Scott showed Aldermen McGinnis, Chumley, Blesse, Fairbank, Chapin, Harmon, Sorrells and Rowe present.

Mr. Nichols, who was present, presented the communication given herewith outlining his purposes in the establishment of a Christmas fund. It is understood to be the purpose of Mr. Nichols to use \$2,500 for the cause.

Ordinances were read providing for concrete walks on the west side of Park street between College avenue and State street, and on the east side of Prospect street between College avenue and State street.

Dance Permit Sought

T. B. Myers presented a petition with reference to the establishment of a platform for public dances in a pasture near the brook on South Diamond street. It was suggested to Mr. Myers that he secure a petition indicating that adjacent property owners would have no objection and then that the council would probably take the action desired.

A report was made by Alderman Sorrells with reference to the sidewalk in front of the Buckthorne building on the east side of the square. This walk and a number of others in the business district were inspected, and it was the decision of the council that the city attorney be instructed to take whatever action was necessary to make certain that the city has no liability in case of accident. This motion was made by Alderman Rowe with a second by Alderman Chapin.

Alderman Chumley believed that the city should not delay in requiring all sidewalks be put in safe condition.

Alderman Blesse made a report indicating that he could not find that construction in connection with the Crawford Lumber Co. yard on East North street was a violation of the city ordinance. Alderman McGinnis thought that a way should be found to control the encroachment of the lumber yard upon the residence district. The matter was referred to the city attorney for further investigation.

C. M. Strawn was present with Mr. Bryan, a representative of the Holt Tractor Co., to urge the purchase of a tractor by the city. This matter was referred to the proper committee.

Appointments Made  
Alderman Rowe of the police committee stated that Samuel Harris had been recommended for appointment as a patrolman to fill a vacancy and Alderman McGinnis reported the names of Russell Leidy and Lee D. Jones as members of the fire department.

Mayor Crabtree offered these men for confirmation and the council voted in favor of this action. Alderman Fairbank of the finance committee stated that the facts relative to city finances and would have a statement at a later time.

Dr. R. V. Brokaw, city health officer, stated that the sanitary inspector who has begun his work is finding business men evidently ready and willing to co-operate. Dr. Brokaw explained the method of licensing under the present ordinance and said that some changes would be necessary in the dumping grounds. He mentioned various difficulties which further suggest the need of a zoning ordinance.

An ordinance was read providing that public garages and filling stations shall not be erected in the residence district without the consent of two-thirds of the property owners. The ordinance is a duplicate of one in effect in Springfield and will be given legal publication tomorrow.

Library Report  
The annual report of the public library was transmitted to the council and placed on file. Dr. Carl E. Black as president of the board in transmitting the report suggested a two mill tax for the year 1924-25, outlining the expenditures that are necessary.

The board called attention to the deficit of \$627 of the past year and stated further that the library has never recovered from the decrease in its appropriation for the years 1920-21. The two mill tax suggested would give the library an appropriation of approximately \$12,000.

Miss Alice Williams, librarian, presented in a report various interesting facts relative to the work of the library during the year, tending to show a satisfactory growth. Still other matters of business were given attention

before the council adjourned.

Mr. Nichols' Letter  
To the Honorable Mayor and Members of the City Council, Jacksonville, Illinois.

Gentlemen:

I desire to establish in this city a foundation or permanent fund the income from which shall be devoted to the purchase of holiday gifts for poor children in the lower grades of the public schools and their little brothers and sisters at home.

I desire to place the funds in custody of the Ayers National bank as trustees to invest the funds and administer the same. I wish the principals and teachers of the various wards and the Chief of Police to make a list of the proper recipients of the fund stating names, ages and sex.

I desire those persons to name a purchasing committee of three of whom the Chief of Police would be one.

I wish the goods to be taken to the city building and placed in charge of the Chief of Police and Chief of the Fire Department requesting them and their force to prepare the articles for distribution. I wish them to find some kindly disposed owners of trucks to take the gifts to the ward buildings where the children may call for them.

I have done work of this kind in past years and there is much labor connected with it and I regret that it is doubtful if the condition of my health will permit me to remain in the city during any more winters and I am compelled to ask some one to do the work for me. I know without any investigation or questions that the present city administration, chief of police and chief of fire department and press will gladly co-operate in this work and I trust their example will stimulate their successors to do the same work. Of course, all I ask is a gentlemen's agreement as no legal action could be taken in such a matter.

I have not the money for this purpose but propose to give my note and keep up the interest on it trusting to kind Providence to spare my life till I am able to pay the obligation.

I await your pleasure, criticisms or suggestions.

Very respectfully,  
S. W. Nichols.

### TO HOLD FUNERAL AT PRINCETON TODAY

Remains of Mrs. Herman Gray Will be Taken There For Interment—Death Occurred Here Sunday.

The death of Mrs. Herman Gray occurred Sunday morning at 9:45 o'clock at the home of Mr. and Mrs. E. H. Gray of West state street. The remains will be taken to Princeton, Ill., this morning and the funeral service will be held there this afternoon at 3:30 o'clock. Dr. Gray, husband of the deceased, and Mr. and Mrs. Gray left Monday noon by automobile for Princeton.

Mrs. Gray's maiden name was Lydia Hughes and she was the daughter of Mr. and Mrs. David Hughes. She was born May 6, 1840, at South Clinton, Oneida county, N. Y. As a young woman she came with her parents to Illinois in 1861 and a few years later her marriage to Herman Gray was solemnized.

Their home was established on a farm four miles south of Arlington, Ill., where they lived until early in the year 1890. At that time their place of residence was changed to Princeton, where they continued to make their home until January, 1922. Then they came to Jacksonville to make their home with their son, Elmer H. Gray.

Mrs. Gray was for a long period of years a devoted member of the Congregational church of Princeton. After coming to this city she changed her membership to the Jacksonville church of that denomination. Mrs. Gray was a woman of strong Christian faith and gentle spirit. Her special delight was in her home and hers was indeed a life of unselfish service. Although advanced in years and a resident of Jacksonville for a very limited period, many people here had come to know and appreciate her great worth.

Mrs. Gray is survived by her husband, one son, Elmer H. Gray, of Jacksonville, three daughters, George Nathan Gray of Princeton, Nathan Gray of Glenwood, Minn., and Clark Gray now resident in California. One son George N. Gray died in 1894.

### JACKSONVILLE LODGE CONFERS TWO RANKS

Pythians Preparing for Large Class to Take Third Rank Soon—Several New Applications at Meeting Monday Night.

First and second rank work was conferred Monday evening at the regular meeting of Jacksonville Lodge No. 152 Knights of Pythias. The rank of Page was conferred on several candidates, and following this, other candidates were given the rank of Esquire. A number of applications for membership were presented to the lodge.

An effort is being made to have as large a number of candidates as possible ready for the conferring of the Third Rank, which will be given in the near future. A large class will take the rank of Knight at that time. The new uniforms for the third rank degree team will be used for the first time and it is intended to make this a great occasion for the lodge.

Mr. and Mrs. Charles Burkhardt of Belleville are visiting with their daughter Mrs. Edward Zahn, 415 East College Ave.

### COMPLETE PLANS FOR MEMORIAL PROGRAM

Rev. W. H. Marbach to Deliver Address on May 30.—Details of Parade and Parts of Various Units Given

The joint Memorial committee met Monday morning in American Legion hall and perfected plans for the observance of Memorial day, May 30th.

The speaker of the day will be the Rev. W. H. Marbach, with the Reverend G. E. Stickney in charge of the devotionals. All afternoon services will be held at the East cemetery and after the completion of these services details from the different patriotic orders accompanied by the firing squad will go to Arcadia where they will hold services. The speaking at East cemetery will be on a platform so that all may enjoy the services. The program will include an address, reading of Lincoln's Gettysburg address, John A. Logan's address and the rituals of the G. A. R., U. S. W. V., and American Legion.

In the morning all graves of veterans will be decorated by the Boy Scouts and brief services will be held by details at Diamond Grove and Calvary cemeteries. The parade will form on the corner of West State and Church streets, and will move promptly at one o'clock so that the services can be completed in time for the trip later to Arcadia.

The Marshal of the Day is William H. Crum, with A. D. Arnold, Earl Cox, Charles Black and Samuel Chalmers as aides, and these will constitute the parade committee who will announce the order of parade as soon as it can be ascertained how many organizations will participate.

All organizations and institutions are invited to turn out. The public is kindly requested to donate as many flowers as possible for the decoration of the graves and John Minter, chairman of the decoration committee urges that the flowers be brought to the table on the north side of the square not later than 8:30. Decoration morning so that plenty of time can be had for tying and distributing in the cemeteries before noon.

All ex-service men of any war are requested to meet at American Legion not later than 12:30 to give ample time for formation so that the parade can move as arranged at one o'clock.

Autos will be furnished by the Automotive association for all Civil War veterans and Woman's Relief Corps, and by application to Adjutant Goheen any Civil War veteran or W. R. C. who are unable to get up town may have a car call for them.

### MATRIMONY

Hayes-Bull  
Roland Hayes and Miss Gladys Bull, both of Scottville, were married at 1:30 o'clock Monday afternoon by Squire A. B. Opperman at his office. The bride's father, James O. Bull, was a witness to the ceremony. The couple will make their home in Scottville where the groom is a painter.

### MR. HENLEY JOINS CLOVERLEAF FORCES

H. F. Henley has been appointed to a position with the Cloverleaf Life & Casualty Co. and is expected to enter upon his work here within a distant date. Mr. Henley is quite well and favorably known in Jacksonville thru his connection with the initial months of the work of the reorganized chamber of commerce, as he was a representative of the American City Bureau here. Mr. Henley will serve as assistant to R. Y. Rowe, secretary of the company, and will be supervisor of agents.

### WESTMINSTER PEOPLE PLAN INDOOR PICNIC

The people of Westminster church are expecting a large attendance at the indoor picnic to be held Wednesday night at 6:29 o'clock. Members of the church and congregation are to attend and any information concerning the arrangements can be secured from Mrs. J. H. Russell on Caldwell street, who is chairman of the committee. Those who attend are expected to bring dishes and lunches, but some things will be provided by the general committee.

### STATE HISTORICAL SOCIETY TO MEET TODAY

The session of the Illinois Historical Society will open in Springfield today and Mr. Ensley Moore will be one of the Jacksonville members in attendance. The program at this meeting includes an address by Dr. E. B. Landis, former pastor of Westminster church, who will talk about "The Influence of Tennessee in the Life of Illinois."

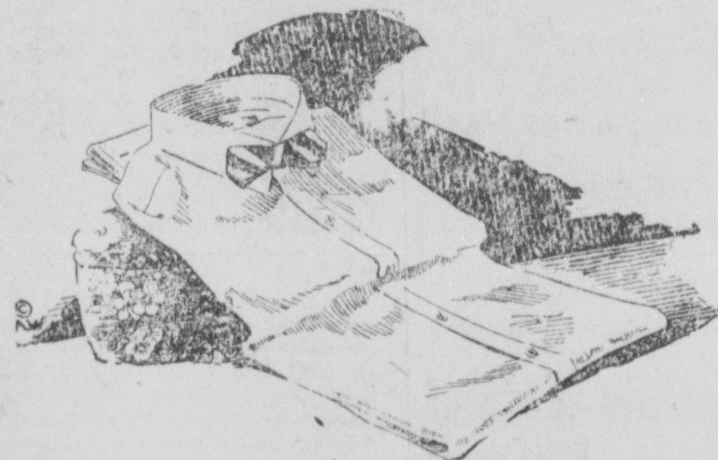

### ENTERS NEW BUSINESS

Lohman Wagner, who has been in the employ of the H. I. Smith Hardware Co. for the past five years, has resigned his position and has associated himself with his father, Matt Wagner, in the East State street confectionery. Edward Flynn of Winchester has been engaged in Mr. Wagner's place at the Smith Hardware store.

### TO THE PUBLIC

### CONGREGATIONAL S. S. WON CUP AND BANNER

Local School Wins Double Honors By Excellent Showing Made During Past Year.

At the Sunday school hour Sunday morning there were on display at the Congregational Sunday school a silver cup and a banner, both of which were won by the local school and awarded at the state conference at Oak Park, Ill.

The banner was awarded to the Jacksonville Sunday school because it was rated as standing highest in the Springfield association. The cup is known as the Robert W. Gammon cup and is awarded by the religious education committee to the Sunday school which makes the most progress during the year, under the pilgrim standard of efficiency.

This cup will be kept by the Jacksonville Sunday school for one year and then will go to the school which makes the most progress during the coming year.

It is needless to add that all those active in the work of the local Sunday school are gratified at the excellent showing made. The Pilgrim standard is one which has been worked-out by the religious education committee and includes such points as teachers training classes separate class rooms, use of first class text books etc. Each year the various churches send in a report

of the work done during the year and the reports are graded by the committee and the awards made to the schools making the best showing.

Another interesting feature at the Sunday school hour at the Congregational church was the giving of a playlet by the members of the intermediate and senior departments of the school.

### SUIT AGAINST COATES ESTATE NOW ON TRIAL

The suit of Miss Sue Dickinson against the estate of Job Coates is on trial before Judge F. W. Burton in the Morgan county circuit court. ### HOUSTON PROFFITT TO WED THURSDAY

Houston Proffitt, who has been spending the week end with his parents Mr. and Mrs. Albert Proffitt 1515 Mound avenue, is returning to Lewistown today where he will visit for a day or two and then expects to go to Peoria where he will be married on Thursday to Miss Gertha Leonard, daughter of Mrs. Bertha Leonard of Lewistown. Miss Leonard recently graduated from the Lewistown high school.

After the marriage, which will be a quiet affair with only a few friends and guests present, they will reside in Lewistown.

J. M. Nighbert of Scottville is visiting his brother S. W. Nighbert who is a patient at Passavant hospital.

### I. O. O. F. ILLINI LODGE NO. 4

Arrangements are now complete for the tenth anniversary of our New Temple Home on Home on East State St., this evening.

After a six o'clock dinner for all Odd Fellows, the lodge will convene in regular session at 7:30 p. m. The initiatory degree will be conferred. John H. Sikes, Grand Secretary of I. O. O. F. of Illinois, will make the principal address on "The Growth, Development and Future of Odd Fellowship."

## Building up?

Always Eat Ideal BETTER Breads

And Buy From Your Neighborhood Grocer

Modern machinery, improved formulae, determination to make a loaf that fulfills your most exacting demands—These are the things that eliminate waste and uncertainty, and build up a richer recipe, tested ingredients, a lighter, firmer, keep-fresh loaf—whether it's our famous "Twin Loaf," the whole wheat or others of our make.
